The Forest Hill foot-ball team, which is largely made up of Bloomfield players, defeated the Bergen Point team on the score of 11.0. The Forest Hill team is one of the strongest in the State and equal to some of the best college teams, archie Dally is the coach and has developed some fine players.

THE CLAM'S NECK. Purpose and Characteristics of This

clams as they lay in a pan in the kitchen preparatory to being cooked scarcely recognize them in their natural state. Many of us who have seen clams know that they have "necks," but are igon the ground they are far from being From one end projects the "neck," which may be three times as long as the shell when fully extended. This small space and how much reprins in the shell after the "neck" has been elongated. This is the astonishing characteristic of the soft shelled clam and the one the makes him unrecognizable to so many people. One of the clams, for instance, is three inches long. His "neck" when extended is possibly eight es a man's midle finger

ars bence. which the clam beneath throws up

This "neck" connects the claim with contain and then expels the water through the other tube.

One may wonder how the clam gets into the sand or mud. At the end op-

Wrinkles.

If our forehead is rigid with wrinkles before forty, what will it be at seventy? There is one consoling Linemen of the New York and New thought about these marks of time and trouble the death angel almost always erases them. Even the extremelast memory of them calm and tranquil. But our business is with life. Scowling is a silerit kind of scolding. It shows that our souls need sweetening. For pity's sake let us take a sad-
